The Indiana Department of Transportation (INDOT) will host the next community outreach event regarding project construction activities on the S.R. 237 Bob Cummings Lincoln Trail Bridge over the Ohio River between Cannelton, Indiana and Hawesville, Kentucky. The purposes of this project are to perform maintenance activities, including addressing retrofits, protecting structural material, and enhancing the aesthetic value of the bridge.

The purpose of this outreach event is to provide the community with an update regarding project developments including current and future construction activity, maintenance of traffic, project scope and schedule. In addition, INDOT welcomes the opportunity to engage community members and solicit input regarding this project.
